Section 5.4.8 of the Illinois Power Agency’s (“IPA” or “Agency”) 2024 Long-Term Renewable Resources Procurement Plan, approved by the Illinois Commerce Commission (“ICC” or “Commission”) in Docket No. 23-0714, provides as follows:

The Commission approved the Agency conducting workshops after this Plan is approved to further explore the issue of post-award changes, with a goal that an Indexed REC post-award negotiation process may be finalized for inclusion in a compliance filing within one calendar year after this Plan’s approval by the ICC.

Attached please find Illinois Power Agency’s Compliance Filing detailing the two planned adjustments for the Agency’s future Indexed REC procurement process starting with the Summer 2025 Procurement Event.
