**Illinois Power Agency
25-RFP-01 – Program Evaluator, Illinois Solar for All**

**Reissuance of Request for Proposal
May 23, 2025**

The Illinois Power Agency (“IPA”) is reissuing the Illinois Solar for All Program Evaluator RFP following its prior closing. As provided in the [announcement](#) on May 16, the IPA closed the Evaluator RFP, 25-RFP-01 without selection or award to any participating Offerors.

With this announcement, the IPA reissues the Evaluator RFP as 25-RFP-01 (rev). All previous Offerors found qualified through the Request for Qualifications, 25-RFQ-01, are invited to submit responses to this RFP (25-RFP-01 (rev)). This includes:

- Applied Economics Clinic
- DNV Energy Insights USA Inc.
- Illume Advising, LLC
- Opinion Dynamics

The new RFP, 25-RFP-01 (rev) has been posted on the [IPA's website](#), found under the “Illinois Solar for All Program Evaluation Process (December 2024)” within the “Reissued Evaluation RFP” section, or can be linked to directly ([here](#)). A redline comparison of 25-RFP-01 and 25-RFP-01 (rev) is also available on the website ([here](#)). In addition to the RFP document, the Attachment NN Pricing Proposal spreadsheet (unchanged from 25-RFP-01) is also available for download at the same location, or can be found ([here](#)).

The reissued RFP, 25-RFP-01 (rev) includes a series of substantive updates and clarifications relative to the original issuance, 25-RFP-01. These include updates to:

- The “Background” and “Brief Description” sections on pages 1 – 3.
- Section I.5 (“Submission Due Date, Time, and Address For Submission”)
- Section I.10 (“Award”)
- Section I.14 (“Interview/Presentation”)
- Section I.19 (“Timeline”)
- Section 2.2 (“Scope of Evaluation”)
- Section 2.3 (“Milestones and Deliverables”)
- Section 2.7 (“References”)
- Attachment DD (“Standard Terms and Conditions”)
- Attachment JJ (“References”)

While Offerors are not bound to the contents of their submittals to 25-RFP-01 and may make changes to any aspect of their proposal when submitting it in response to 25-RFP-01 (rev), Offerors should review the updates and clarifications to sections listed and take them into consideration in preparing their submittal to 25-RFP-01 (rev).

ILLINOIS POWER AGENCY

Offeror responses to the RFP are due by June 13, 2025 at 5pm CPT. To submit responses, refer to Section I.3. ("Solicitation Contact").

- Offerors may submit written clarification questions to the Agency using the contact information in Section I.3 of the RFP using the subject "**[Responder's Name] – Offeror RFP Question to ILSFA Evaluation**". **Questions must be submitted by or before June 6, 2025 at 5pm CPT.** All questions and their responses will be posted on the Agency's [website](#) (anonymized to protect Offeror details).
- Offerors may also participate in a **virtual Q&A workshop on Wednesday, June 4, at 11 a.m. CPT.** This workshop is intended to provide offerors with a virtual session to ask questions of the Agency staff in support of offeror RFP response development. Participation in the workshop is not required to participate in the RFP process. The **Agency will contact all offerors** (see list of Offerors above) and provide registration information to participate. Further, the Agency will make a best effort to post questions and responses on its website.
