

## **Illinois Power Agency Issues an Addendum to the Draft 2022 Long-Term Plan**

February 18, 2022

On January 13, 2022 the Illinois Power Agency released a draft 2022 Long-Term Renewable Resources Procurement Plan (“draft Long-Term Plan”) for public comment. Since that time the Agency has identified errors in the model used for the draft Long-Term Plan related to the overall expected RPS revenue collection and expenditures based on contracts to date, program and procurement activities currently under way, activities proposed in the draft Long-Term Plan, and a forecast of potential future program and procurement activities. The Agency has issued an [Addendum](#) to the draft Long-Term Plan with updated versions of two Tables and one Figure contained in Chapter Three.

As a reminder, comments on the draft Long-Term Plan are due on Monday, February 28, 2022. For more information on how to submit written comments on the Plan please see the [Cover Letter](#) for the Plan.
