

STATE OF ILLINOIS
REQUEST FOR PROPOSALS
ILLINOIS POWER AGENCY
PROFESSIONAL SERVICES – RACIAL DISPARITY & AVAILABILITY STUDY CONSULTANT
Reference Number 24-RFP-03

The Illinois Power Agency (“Agency” or “State”) is issuing this Request for Proposals (“RFP”) seeking qualified and knowledgeable experts or expert firms (“Offerors”) to conduct a complete, comprehensive, and legally supportable Racial Disparity and Availability Study to assess the presence and impact of racial discrimination or disparities in Illinois’ clean energy economy.

The Agency welcomes responses from Qualified Offerors able and willing to meet the requirements of this RFP. A Qualified Offeror is an Offeror on the list of respondents to the Request for Qualifications (“RFQ”) issued by the Agency (24-RFQ-03) that was determined by the Agency to be qualified. [Only Qualified Offerors may submit a response to this RFP.](#)

Evaluation of responses to this RFP and responses to the prior related RFQ will form the basis for determining the selected Offeror for a contract award.

BACKGROUND: The Illinois Power Agency Act requires that the Agency, in consultation with the Department of Commerce and Economic Opportunity (“DCEO”), Department of Labor, and any other relevant agencies, commission and publish a disparity and availability study that “measures the presence and impact of discrimination on minority businesses and workers in Illinois’ clean energy economy,” including activity outside of the Agency’s programs, utilizing consultants and subject matter experts (20 ILCS 3855/1-75(c-15)(2)(B)). The study will review the State’s clean energy economy regarding access, participation, and utilization of contractors, with a special emphasis on minority-owned business enterprises and minority workers, with the goal of analyzing whether race, ethnicity, or gender has been a barrier to equitable access for all business owners and workers.

Section 1-75(c-15)(2)(B) of the Illinois Power Agency Act expressly exempts the selection of a consultant to conduct this study from the bidding requirements contained in Section 20-10 of the Illinois Procurement Code (30 ILCS 500). Like other selection processes for consultants conducted by the Agency that are exempt from those requirements (e.g., Procurement Administrators, Procurement Planning Consultants, and Program Administrators), this process has been conducted in two parts consisting of an initial Request for Qualifications and subsequent Request for Proposals issued to qualified respondents to the Request for Qualifications. If selected through this RFP process, the selected Offeror(s) will be expected to enter into a binding contract with the Agency.

Brief Description: The Agency seeks a Racial Disparity Study Consultant (“Consultant”) who will design, conduct, and publish a racial disparity and availability study of the Illinois’ clean energy economy. Broadly, the racial disparity and availability study the Agency is commissioning should: (1) evaluate whether there exists a presence of discrimination in Illinois’ clean energy economy; (2) if so, evaluate the impact of such discrimination on minority businesses and workers; and (3) develop recommendations to the Illinois Power Agency, Department of Commerce and Economic Opportunity, Department of Labor, and other relevant agencies to effectively remedy any discrimination detected.

The Racial Disparity and Availability Study will also encompass a thorough examination the Agency's renewable energy programs and procurements, particularly the Equity Accountability System. The Equity Accountability System, established under the Illinois Power Agency Act (20 ILCS 3855/1-75(c-10)), includes: (1) a minimum equity standard for all applicants to the Illinois Shines Program, the Self-direct Program, and competitive procurements of Indexed RECs from utility-scale projects; (2) the Equity Eligible Contactor category within the Illinois Shines program; and (3) optional bid adjustments for competitive procurement processes. For more information about the Equity Accountability System, refer to Chapter 10 of the 2024 Long-Term Renewable Resources Procurement Plan¹ or the Equity Accountability System Assessment (Part 1).² Additional information will be available in Part 2 of the Equity Accountability System Assessment which is expected be published by December 2024.

Additionally, the Racial Disparity and Availability Study will delve into the workforce and economic development programs overseen by the [Department of Commerce and Economic Opportunity](#), aiming to assess their effectiveness in providing equitable, statewide access to quality training, jobs, and economic opportunities across the clean energy economy. By scrutinizing these initiatives comprehensively, the study aims to shed light on any existing racial disparities or discriminatory practices within Illinois' clean energy economy, thereby informing targeted recommendations to promote equity and access.

The Agency will evaluate responses to the RFP to determine the Offeror best suited to serve as the Agency's Racial Disparity Study Consultant.

Please read this entire Request for Proposals package and submit a Proposal in accordance with the instructions. All forms and signature areas contained in the proposal package must be completed in full and submitted with the checklist, technical proposal, pricing proposal, disclosures, and various attachments, which combined will constitute the Proposal. Please do not submit the instructions pages with Proposals. Offerors should retain the Instructions and a copy of the Proposal for future reference.

This competitive process may require that Offeror provide additional information and otherwise cooperate with the Agency. If an Offeror does not comply with requests for information and cooperate, the Agency may reject the Proposal as non-responsive to the Solicitation. Submitting a Proposal does not entitle Offeror to an award or a contract. Posting Offeror's name in a Bulletin notice does not entitle Offeror to a contract. The Agency considers the information provided and the quality of that information when evaluating proposals. If the Agency finds a failure or deficiency in the proposal, the Agency may reject the proposal or may reflect the failure or deficiency in the evaluation.

A responsive Offeror is one whose proposal conforms in all material respects to this Solicitation and includes all required information, forms, and disclosures. Information, forms, and disclosures include but may not be limited to the following:

- Proposal Checklist (Section 1)
- Technical Proposal (Section 2)
- Pricing Proposal and Pricing Workbook (Section 3)
- Conflict of Interests, Inappropriate Bias Disclosure, and Mitigation Plan (Section 4)

I.16 PROTEST PROCESS: Any person may submit a protest relating to the notice of the RFP, the terms of the RFP, and any decision to reject a late offer. An Offeror (i.e., a person who submitted an offer to the IPA in response to this RFP) may protest the rejection of its offer or an award to another Offeror. Any protest must be received by close of business no later than ten (10) calendar days after the protesting party knows or should have known of the facts giving rise to the protest to ensure consideration. Any notice published to the IPA's website establishes the "known or should have known" date for the subject matter of the notice. In addition, protests relating to the notice or terms of the RFP must be received within fourteen (14) calendar days after release of the RFP.

Protest submissions must be concise and logically arranged; provide a statement of reasons for the protest specifically identifying any allegedly material violation of the IPA Act, another relevant Illinois law, or the terms of the RFP; and include any supporting facts, arguments, evidence, and documents. Protests that do not establish legally sufficient grounds for protest—that is, a material violation of the IPA Act, other relevant Illinois law, or the terms of the RFP – or that do not include supporting evidence will be denied. Note that this RFP is not subject to the Illinois Procurement Code, and protests based solely on rules applicable under that Code will not be considered.

Within one (1) business day of receiving the protest submission, the RFP Solicitation Contact will assign an appropriate staff member from the IPA, who was not involved in drafting the RFP or evaluating offers, to review the protest submission and the RFP. If the protest relates to a rejection of an offer, the IPA staff member will also review all relevant offers submitted in response to the RFP and any other relevant information such as evaluation materials. The IPA staff member will strive to make a recommendation to the IPA's Director within seven (7) calendar days of being assigned to review the protest. The Director will strive to make the final decision as to the determination of the protest within three (3) calendar days. The IPA will resolve the protest by means of a written determination. The IPA's Director will consider whether the protestor established sufficient grounds for protest; the seriousness of the procurement deficiency, if any; the degree of prejudice to other parties or to the integrity of the competitive procurement system; the good faith of the parties; the urgency of the procurement; and the impact of the recommendation on the IPAs mission when making the determination.

I.17 MINORITY, WOMAN, AND PERSONS WITH DISABILITY PARTICIPATION AND UTILIZATION PLAN:

This Solicitation includes a goal to include businesses that are certified under the State of Illinois Commission on Equity & Inclusion (“CEI”) Business Enterprise Program (“BEP”)³ and are owned and controlled by minorities, woman, or persons with disabilities. **This goal is 30% of the contract amount, based on the availability of such certified businesses.** In addition to the other award criteria established for this contract, the Agency will award this contract to an Offeror that meets this goal or makes good faith efforts to meet this goal.

To demonstrate the Offeror’s approach to meeting this goal, Offerors will be required to submit a Utilization Plan as described in Attachment MM.

Failure to submit a Utilization Plan as instructed in this Solicitation may render the offer non-responsive.

- If the Offeror is a BEP certified, the entire goal is met and no subcontracting with a BEP certified vendor is required; however, Offeror must submit a Utilization Plan indicating that the goal will be met by self-performance.
- An Offeror who elects to utilize BEP certified subcontractor(s) to meet the goal must provide executed Letter(s) of Intent for all such subcontractors in addition to the Utilization Plan.
- An Offeror who selects the Good Faith Efforts option for the Utilization Plan, must fully complete the “Demonstration of Good Faith Efforts to Achieve Goal and Request for Waiver” and the “Good Faith Efforts Contact Log” as part of their submittal.⁴

All questions regarding the subcontracting goal must be directed to the Agency BEP Liaison prior to submission of proposals.

2. SPECIFICATIONS AND TECHNICAL PROPOSAL – Please refer to Section 2 of 24-RFQ-03; some of the information below is repeated for convenience only.

2.1. GOAL: The Agency seeks a qualified consultant to conduct a complete, comprehensive, and legally defensible Racial Disparity and Availability Study to measure the presence and impact of discrimination on minority businesses and workers in Illinois’ clean energy economy. The Racial Disparity Study Consultant, in partnership with the Agency, will design, conduct and finalize for publication a racial disparity and availability study assessing the State’s clean energy economy regarding access, participation, and utilization of contractors, with a special emphasis on minority-owned business enterprises and minority/disadvantaged workers, with the goal of analyzing whether race or gender has been a barrier to equitable access for all business owners and workers.

Broadly, the racial disparity and availability study should: (1) evaluate whether there exists a presence of discrimination in Illinois’ clean energy economy; (2) if so, evaluate the impact of such discrimination on minority businesses and workers; and (3) develop recommendations to the Illinois Power Agency, Department of Commerce and Economic Opportunity, Department of Labor, and other relevant agencies to effectively remedy any discrimination detected.

The Racial Disparity and Availability Study will also encompass a thorough examination the Agency’s programs and procurements, particularly the Equity Accountability System. The Equity Accountability System, established under the Illinois Power Agency Act (20 ILCS 3855/1-75(c-10)), includes: (1) a minimum equity standard for all applicants to the Illinois Shines Program, the Self-direct Program, and competitive procurements of Indexed RECs from utility-scale projects; (2) the Equity Eligible Contactor category within the Illinois Shines program; and (3) optional bid adjustments for competitive procurement processes. For more information about the Equity Accountability System, refer to Chapter 10 of the 2024 Long-Term Renewable Resources Procurement Plan⁵ or the Equity Accountability System Assessment (Part 1).⁶ Additional information will be available in Part 2 of the Equity Accountability System Assessment which is expected be published by December 2024.

Additionally, the Racial Disparity and Availability Study will delve into the workforce and economic development programs overseen by the [Department of Commerce and Economic Opportunity](#), aiming to assess their effectiveness in providing equitable, statewide access to quality training, jobs, and economic opportunities across the clean energy economy. By scrutinizing these initiatives comprehensively, the study aims to shed light on any existing racial disparities or discriminatory practices within Illinois' clean energy economy, thereby informing targeted recommendations to promote equity and access.

2.2. SERVICES REQUIRED:

The selected Offeror for this Racial Disparity and Availability Study will be responsible for providing the following services:

2.2.1 Design and Execute a Comprehensive Racial Disparity & Availability Study

The consultant will design and implement a complete, comprehensive, and legally supportable Racial Disparity and Availability Study to assess the presence of racial

discrimination or disparities within Illinois' clean energy economy. The study will focus on access, participation, and utilization of minority-owned businesses and minority/disadvantaged workers in all relevant sectors of Illinois' clean energy economy, with a specific emphasis on the Illinois Power Agency's programs and procurements. At minimum, the study will include an evaluation of:

- The effectiveness of the IPA's Equity Accountability System, including the Minimum Equity Standard, the Equity Eligible Contractor category, the availability of the advance of capital, and optional bid adjustments for competitive procurement processes, in enhancing access to the clean energy economy for underserved communities.
- The status of current state programs, including DCEO's workforce and economic development programs, in providing equitable access to training, jobs, and opportunities across Illinois.
- Contextual factors of the Illinois clean energy economy including, but not limited to, geographical considerations and historical context.
- The overall clean energy industry in Illinois, identifying any barriers to entry, participation, or advancement for minority-owned businesses and minority workers.
- All relevant areas of the clean energy economy to identify if any patterns of exclusion, discrimination, or underrepresentation exist.

This list is not exhaustive, and the consultant's experience and expertise will be relied upon to ensure the study is thorough and meets all statutory and legal requirements.

2.2.2 Data Collection and Analysis

The consultant will research and gather detailed qualitative and quantitative data necessary to conduct both a comprehensive disparity and availability study, including but not limited to:

- Conducting surveys, interviews, focus groups, and gather anecdotal evidence from diverse stakeholders (community-based organizations, unions, industry representatives, and other relevant groups). Document the feedback and experiences of minority businesses and workers in Illinois' clean energy sector, particularly in relation to barriers to entry, participation, and advancement.
- Researching and gathering quantitative data on the availability, participation, and utilization rates of minority-owned businesses in Illinois' clean energy sector to assess any disparities compared to other demographic groups.
- Researching and gathering quantitative data on the availability, employment, advancement rates of minority workers in Illinois' clean energy sector to assess any disparities compared to other demographic groups.

The consultant will analyze this data to determine whether race or gender-based discrimination is a barrier to entry or growth in the clean energy sector, assess the extent of any racial or gender disparities, and produce actionable findings based on statistically valid methods.

2.2.3 Stakeholder Engagement and Feedback

As part of the study, the consultant will actively engage stakeholders—including businesses, workers, community organizations, state agencies, and industry representatives—to ensure that diverse perspectives are considered. The consultant will host a minimum of three public stakeholder meetings to present findings and gather feedback on the study’s progress and initial results.

2.2.4 Regular Reporting and Updates

The consultant will provide monthly status reports to the IPA, clearly detailing:

- Progress toward key milestones.
- Data collection and analysis activities.
- Challenges encountered and proposed resolutions.
- Updates to the overall work plan, if necessary.

These reports will ensure that the project remains on track and provide the IPA with opportunities to adjust as needed.

2.2.5 Preliminary and Final Reports

- Preliminary Report: Within 9-12 months after contract execution, the consultant will submit a preliminary report that outlines the initial findings of the study, including data on disparities, root cause analysis, an evaluation of the Equity Accountability System, and analysis of workforce programs. This report will serve as a basis for finalizing the study and gathering further feedback from stakeholders.
- Final Report: Within 12-15 months after contract execution, the consultant will submit a draft of the final Racial Disparity and Availability Study to the Agency for review. This draft will include a detailed analysis of all data, final findings on any racial disparities, recommendations for policy and program changes, and all supporting data, methodologies, and documentation.
