

## **Illinois Power Agency Issues Request for Stakeholder Feedback on Electricity and Capacity Procurement for Eligible Retail Customers**

June 27, 2022

In light of recent energy and capacity market price volatility, the Illinois Power Agency is interested in soliciting stakeholder feedback as it prepares to develop the 2023 Electricity Procurement Plan. A draft of that plan is scheduled to be released for public comment on August 15, 2022, prior to filing it with the Illinois Commerce Commission for approval in late September.

Please see the attached [Request for Stakeholder Feedback](#) for a list of topics that the Agency is seeking input on. Responses to this Request for Stakeholder Feedback are due **on Friday, July 8, 2022**, by 5PM (CPT). Responses will be made public and published on the [Agency's Website](#).

In addition, the Agency will hold a workshop on **Wednesday, July 13, 2022**, at 1 p.m. (CPT) to provide stakeholders an additional opportunity to provide comments. Information on how to register for the workshop is contained in the Request for Stakeholder Feedback.
