

**COMMENTS OF THE ALLIANCE FOR SOLAR CHOICE
REGARDING THE IPA'S DISTRIBUTED GENERATION PROCUREMENT PLAN**

The Alliance for Solar Choice ("TASC") respectfully submits these comments in response to the Illinois Power Agency's ("IPA") 2015 Draft Procurement Plan.

TASC agrees with the comments set forth by the Environmental Law and Policy Center ("ELPC") in their response to the IPA's 2015 Draft Procurement Plan, pertaining to the renewable energy procurement portion of that plan. TASC hopes that the model used by the IPA in setting up this procurement can be replicated in the 2015 Distributed Generation Supplemental Procurement plan. Thus, TASC hopes that the IPA will refer to TASC's comments on the Supplemental Procurement to advise in making a plan which will support the development of a strong Distributed Generation market in Illinois.

TASC appreciates the opportunity to provide these recommendations to the IPA. TASC looks forward to sustained engagement in Illinois on solar policy issues to enable a strong solar industry that can help deliver low cost, clean energy to Illinois consumers and further expand consumer energy options.

Respectfully submitted,

A handwritten signature in black ink that reads "John Stanton". The signature is written in a cursive style with a large, stylized initial "J" and "S".
